GEORGE W. ALLEN, Resident Agent

At Fenwick's Office, Basement First National Bank

## STRIKE IN BROUCHER

(Continued From Page One.)

San Francisco opened strong and Broucher displayed no great speed until the afternoon when the news leaked out over the wires that the second mine was in high-grade with ruby silver abounding and the stuff looking as though it would rival the famous product of the Tonopah Divide fourth level.

The southeast drift on the footwall is now out 60 feet, according to Superintendent Gust Hanson, who responded to a telephone inquiry this afternoon. Mr. Hanson said he was not at liberty to say anything about the values reported to have been found. Secretary Ed. Erickson said there was something to the street report.

Influence of the report was reflected in the market this afternoon when the demand for Broucher became more active and sales were made at \$2.40. Divide Con. felt the effect more quickly than any other stock as that estate adjoins the Broucher and it is conceded that anything the Broucher may have will strike directly into the Con. At noon Con. was quoted at \$3.60 and this afternoon sales were made at \$3.50 with \$5 bid. It is further reported that there is a heavy short interest out.

Total sales were 970,000 shares. The sales of the chief stocks were as follows:  
Divide 3,000  
Hasbrouck 29,000  
Divide Ex. 62,000  
Dividend 54,500  
Broucher Divide 36,400  
Gold Zone 70,500  
Silver King 115,500  
Divide Con. 38,000  
Rosetta 30,000  
Spearhead 152,500

The Grimes Divide of which 400,000 shares were allotted for public subscription closed last night with applications for over 4,000,000 shares, with demands for more arriving this morning. The small subscribers will be given preference while calls for large blocks will have to be satisfied with a small proportion of their request.

The 300,000 shares subscribed in the Belcher by Philadelphia capitalists was taken by Clyde Heller and his associates and has nothing to do with the Tonopah Belmont Development company, although most of the subscribers are stockholders in that corporation. The Victory group adjoining which was taken over by Mr. Heller on the same account will be maintained in its integrity and not merged with the Belcher as some persons imagined. The latter company will be reorganized with A. I. D'Arcy as president. It was reported that H. C. Broucher was one of the Heller pool but that statement can not be affirmed or denied as nobody here is in authority to speak for him and it is believed that he is not in the transaction.

Sold in San Francisco  
Henry Mallock and associates of San Francisco have purchased from Robert E. Connolly three claims known as the Tribby group, adjoining on the north the ground recently purchased by the Tonopah Mining company and adjoining also the Rosetta and Gold Seam properties.

H. F. Lathrop and associates have purchased from Charles Keilhofer the Yankee Girl group of three claims, 4000 feet from the Gold Reef on the southeast and along the ledge system on which is located the Tribby, Rosetta and Gold Wedge properties.

**HUNGARIAN RECRUITS FOR BOLSHEVIKI ARMY**  
(By Associated Press) COPENHAGEN, March 28.—An invitation for recruits to enter the Hungarian Red army has met encouraging response says a Budapest dispatch.

**PERMANENT MILITARY STAFF FOR LEAGUE**  
(By Associated Press) PARIS, March 28.—It is reported that a league of nations commissioner has referred an amendment providing for a permanent military staff for the league.

**NEGRO DENTIST SENT TO PEN FOR LIFE**  
(By Associated Press) ST. LOUIS, March 28.—Leroy Bundy, a negro dentist, convicted of conspiring to murder in connection with the East St. Louis race riots, was sentenced to life imprisonment today.

Granulated Eyelids, Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Murine Eye Remedy. No Smarting. Just Eye Comfort. At Your Druggists or by mail 60c per Bottle. For Book of the Eye free write to Murine Eye Remedy Co., Chicago.

## DESERT CLUB WILL OPEN TOMORROW

The Desert club, at the premises formerly occupied by the Tonopah Liquor company, will open for business tomorrow at noon when the owners, Chet, Carpenter, Charles T. Brown and George T. Osborne will be glad to see their friends. The place has been newly furnished and is one of the most attractive club-rooms in Tonopah. The management is too well known to need any special reference as all three partners have been engaged in business in southern Nevada for the past decade or more.

## MAKE BIG SAVING ON SCHOOL BONDS

Harry H. Atkinson, district attorney, has succeeded in making a deal with the representative of investors holding bonds of the Rhyolite school district to redeem \$12,000 of the total issue of \$20,000 bearing 8 per cent. These bonds mature in 1928 and there is no obligation on the part of the holders to surrender them now as they are about the highest priced security on the market. The funds were in the treasury lying idle and not drawing interest, so the district attorney took steps which resulted in liquidating 75 per cent of the indebtedness by paying a small bonus. The saving in interest annually will more than provide a sinking fund and defray interest charge on the balance outstanding.

## SAFEGUARDING THE MONROE DOCTRINE

(By Associated Press) WASHINGTON, March 28.—Publication of the amended draft of the league of nations covenant within a few days with a provision for safeguarding the Monroe doctrine included, is expected by administration officials as a result of informal Paris advice.

(By Associated Press) WASHINGTON, March 28.—Officials express entire confidence that President Wilson will insist upon such provision being in the final draft when passed by the council of ten or by the peace conference in preliminary session. It is understood here that the amendment will be given the public simultaneously in all associated countries, as was the case with the original draft.

Stock certificates printed and bound on short notice at this office.

## PERSONAL

A. A. CODD, secretary of the Hasbrouck, arrived today from Reno to visit the Divide district.

J. E. KERR, president of the North Divide Mining company, was a passenger for San Francisco this morning.

H. F. BRUCE, manager of the Hasbrouck and Spearhead companies, was a visitor from Goldfield this morning.

ROY THATCHER, the shale expert of Elko county, who is engaged in completing two furnaces for reduction of shale, was among the arrivals today.

H. W. STOTENBURY, mine manager of the Tonopah Mining company, has returned after an absence of two weeks in California.

CHARLES S. SPRAGUE of the East Divide and Alto companies stopped off this morning on his way from Reno where he accompanied Mrs. Sprague on a visit to her daughter, who has had a bad relapse.

CAPT. ALEX. S. PROSKEY, owner of the Rawhide Regent which has been operating steadily for ten years, left this morning for Reno to deliver a group of claims.

CHARLES F. SPILMAN, editor of the Mining Press of Reno, came in this morning to spend a few days wising up on the changes wrought since his previous visit two weeks ago.

R. F. O'NEILL and daughter will leave in the morning for Dakota where Mr. O'Neill is called by a contract to deliver a large bunch of cattle. He is one of the large stockholders in the Divide Con. and since coming to Tonopah last week has increased his holdings in the Miller companies.

## STATE MEMBERSHIP WILL BE INCREASED

(By Associated Press) PARIS, March 28.—The membership of states in the executive council will be increased two to three, Reuter's understands, the third member being a labor representative.

**MASONIC NOTICE**  
Called meeting tonight at 8 o'clock. Work in second degree.  
advM281 J. E. PECK, Sec'y.

Rooms without Bath, \$1  
Manager: GEORGE WARREN HOOPER

## AMUSEMENTS

DOROTHY GISH IN ARTCRAFT SPECIAL TODAY

Dorothy Gish, the charming Griffith actress, has a splendid role in "The Hun Within," the special Paramount-Artcraft production which will be displayed at the Butler today. Miss Gish is seen in this great photograph as a patriotic American girl who risks her life to foil the dark plots of German spies in this country. Miss Gish plays the part of an American girl whose love affair is interrupted by Hun spies. She foils this plot in an ingenious way, but not until after she has had gruelling experience even in motion pictures, but this is one of the gripping situations.

A trip to the San Diego water front as well as that of San Francisco was made to secure the proper atmosphere. Added to the program, a Paramount-Bray cartoon comedy, Tomorrow, Ethel Barrymore, in one of her very best pictures, "Our Mrs. McChesney," and a two-reel Sennett comedy, "Beware of Boarders." Sunday, the charming film star, Billie Burke, in "Let's Get a Divorce."

## WILL OPEN OFFICE FOR ARMY RECRUITS

Col. John H. Gardner, chief recruiting officer U. S. A., arrived this morning and left three hours later after having spent a busy time sizing up the local situation with a view to opening a branch recruiting station here. He does not expect any immediate returns but is paying the way for sending in a corps of non-coms to maintain headquarters here.

He said he could not secure desirable office accommodations before the first of May and, even then, he says the agents told him that it was a doubtful quantity. He found every room in the hotels and lodging houses filled with long waiting lists for permanent lodgers. The colonel has charge of northern California from the Tonopah to Oregon and all of Nevada and went away to keep appointments at Sacramento tomorrow.

## CLASSIFIED

FOUND—Silver watch near Oddfellows' building. Owner may have same by applying at this office and paying for ad.

## HIGH SCHOOL TEAMS MEET IN GOLDFIELD

The Tonopah high school basketball teams will meet the Goldfield teams Saturday evening in two fast games on the Goldfield court. The teams are well matched and both games promise to be fast and furious from start to finish. The high school hopes to see a good crowd of Tonopah rooters in Goldfield to help urge the teams to victory.

The line-ups are as follows: Great Forwards, Irene Farrell and Letitia Sawle; guards, Ethel Farrell and Freda Fauch; centers, Verda Lane and Mary Connors; subs, Alice Gishlan, Jennie Kervin and Grace Clegdenning.

Boys: Forwards, Hugg and Daoust; guards, Sheerin and Mitchell; center, Clarke; subs, Meldrum, Monahan and Sawle. M. A. C. 19.

## GOES TO RUSSIA TO COMMAND FORCES

(By Associated Press) LONDON, March 28.—Brigadier General Richardson will depart soon to command American forces in northern Russia. A number of volunteers accompany.

## RED CROSS HOME SERVICE

The home service department of the Red Cross has changed its hours to 3 to 4 o'clock on Mondays, Wednesdays and Fridays at room 507 State Bank building. advM2810

Southworth Co.

## A Message from Harry Stimler

Senator T. J. O'Donnell of Denver, Colorado, has purchased the Doctor group of claims in the Divide district and is organizing a company to develop and operate the property to be known as the

## Denver Divide Mining Company

The group consists of the Doctor, Doctor Fraction, Doctor Extension, Doctor Extension Fraction and Doctor No. 1 claims. The following report on this group was made by F. M. Rapp, mining engineer of Tonopah:

I beg to submit the following as a general report on the Doctor group of claims located in the Divide District, Esmeralda county, Nevada. This group of claims is most favorably situated, being located on one of the main fault zones of the district. Formation in general consists of the same as that of the northern portion of the district; namely: rhyolite, rhyolite breccia, dacite, dacite breccia, and several other tertiary flows characteristic of the entire district. The late Tonopah rhyolite capping has been eroded here, as it has been on all the following properties: Gold Zone, Tonopah Divide, Broucher Divide, Divide Extension, Dividend, High Divide, etc.

All the ore in the Divide district so far discovered has been found on one of three fault zones and at present is thought to be subsequent to cross-fracturing. The Doctor group shows cross fracturing very plainly and has surface croppings that assay from SIX TO FIFTEEN DOLLARS. This being a little higher than the surface assayed on the main property, namely TONOPAH DIVIDE.

**SUMMARY**—The Doctor group is located on the north end of the Ben Hur fault. The Doctor group shows cross fracturing, and shows assays on this fracture. This group lies next to the High Divide, which was more than twice over-subscribed. I can say that the Doctor group merits more than the average amount of prospecting and developing.

Respectfully submitted,  
F. M. RAPP, E. M. & C. E.

I have gone to Denver to complete the organization of the company. Those who desire to get treasury stock of the DENVER DIVIDE should wire reservations to Senator T. J. O'Donnell, Ernest & Cranmer building, Denver, Colorado. While I cannot state what the price will be, I will get it at 10c if possible.

The company, of course, reserves the right to accept or reject subscriptions.

The location and surface showing of the DENVER DIVIDE insure rapid advance in the stock and it should sell at 50c or more per share soon after listing.

**HARRY STIMLER**
